Bad Back Balm

KALAYA PRODUCTS BAD BACK BALM**PAIN RELIEF IS OFTEN FELT WITHIN MINUTES OF THE FIRST APPLICATION.**

Bad Back Balm is a fast acting pain relieving ointment that has a non-steroidal, anti-inflammatory effect that quickly soothes pain and relieves aching muscles and joints.

KALAYA PRODUCTS BAD BACK BALM has similar pain relieving properties as ASPIRIN. This comes from the similarity of the chemical components that are found within the “**Oil of Wintergreen**” (**Methyl Salicylate**).

KALAYA PRODUCTS BAD BACK BALM is a blend of Kalaya pure **Emu Oil** and the traditional and well-proven aromatic anti-inflammatory anaesthetic, **Methyl Salicylate or the Oil of Wintergreen**, which dulls and relieves the feeling of pain. It is an ancient additive that has been used in many liniments and ointments to relieve the suffering and pain from Rheumatic, Arthritic, Tendentious, and Ligamentous conditions and most deep-seated muscular conditions. Oil of Wintergreen has excellent warming and penetrating properties that can quickly soothe the pain.

The relief experienced by the massaging of “**Oil Of Wintergreen**” has been well documented and scientifically researched. Traditionally used by Athletes since the day of the ancient Greek Olympic Games. During the Sydney Olympic Games many of the teams

(local & visiting) used this formulation of Emu Oil and Wintergreen, for treating injuries sustained by the highly trained athletes with obvious success.

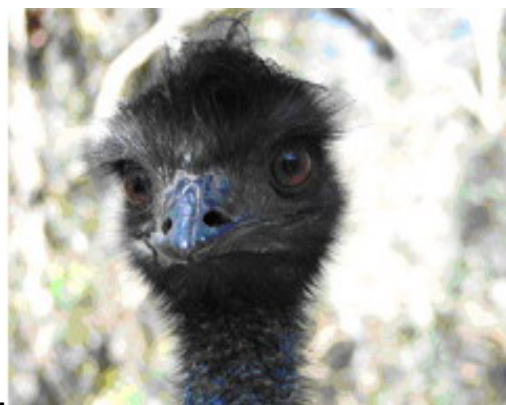

The formulation of blending high quality **Kalaya Pure Emu Oil** that is “Biologically Active” with the pain relieving properties of **Oil Of Wintergreen** has achieved a soothing liniment that works fast.

Kalaya Pure Emu Oil is excellent for helping inflammatory diseases, such as arthritis and skin disorders that cause pain and irritation. Soothing relief is often experienced within minutes of topical application and the healing properties of the emu oil continue with each application of this amazing natural oil.

The highest quality **Oil of Wintergreen** we use is 92% pure and is traditionally extracted by distilling the leaves of Wintergreen.

Wintergreen

The Australian Emu

The excellent warming and penetrating properties of this soothing balm quickly relieve tender, raw and sensitive tissues and irritating skin problems. Treating (minor) scrapes, scratches and bruising will benefit by the application of Bad Back Balm.

BAD BACK BALM. IS AN AROMATIC ANTI-INFLAMMATORY ANAESTHETIC” WHICH DULLS AND RELIEVES THE FEELING OF PAIN AND IS A PROVEN ANTI-INFLAMMATORY.

IDEAL FOR DEEP SEATED PAIN RELIEF

Pain relief is often felt within minutes of the first application.
